New Asset Entry continued

- Note that an asset can be marked as “not ready to auction yet” so that it can be partially set up then completed later.
- We do utilize the auto extend feature. Choosing yes to the auto extend question will extend the auction a few minutes if the last minutes of the auction are high traffic so that all bids can be accepted.

If this asset is not ready for auction dates and parameters to be set, select "I'm not ready to auction yet".
You will be able to add this information at a later date after you save.

Media

Pictures must be uploaded before sending an asset to auction. Word, Excel and PDF files may also be attached.

Full View

Include a picture of the item from every angle. For buses, you want to show each side plus a front and back view shot.

Close Up

For vehicles, it is helpful to include a close up of the tires, odometer, and any damaged areas. You should disclose any damage up front in order to eliminate issues at pick up.

Manufacturer Details

Adding a picture of the manufacturer label with the model number and other details allows shoppers to research the item and make an informed purchase.

Lots of like items

Some items like old light fixtures, network switches, janitorial equipment can palletized and sold in lots.

Auction Dates

The Auction Dates must be updated in order to post on the site.

Payment and Pick Up

GovDeals offers an on-line payment option, but they charge an additional surcharge for that service. We do not utilize the option, but require cashiers check or money order as payment. The person paying and picking up the asset must have the buyers certificate that was e-mailed to them by Govdeals as proof of their bidder status in order to complete the transaction.

Upon receipt of payment, the purchasing department issues a bill of sale to the buyer. They bring the bill of sale to the warehouse or bus yard as their proof of purchase and receive the asset.

Include Specific Instruction regarding pick up /removal

- **Removal BY APPOINTMENT ONLY.** All items must be removed within five business days from the time and date of issuance of the Buyer's Certificate. Purchases will be released only upon receipt of payment as specified. Successful bidders are responsible for loading and removal of any and all property awarded to them from the place where the property is located as indicated on the website and in the Buyer's Certificate. The Buyer will make all arrangements and perform all work necessary, including packing, loading and transportation of the property. Under no circumstances will The Board of School Commissioners of Mobile County assume responsibility for packing, loading or shipping. See special instructions on each auction page for removal details. Buyer agrees that no monies previously paid to the seller will be refunded after Buyer removes property from the seller's premises. A daily storage fee of \$100.00 may be charged for any item not removed within the five business days allowed and stated on the Buyer's Certificate.

Subject: RE: Batteries

Good Morning,

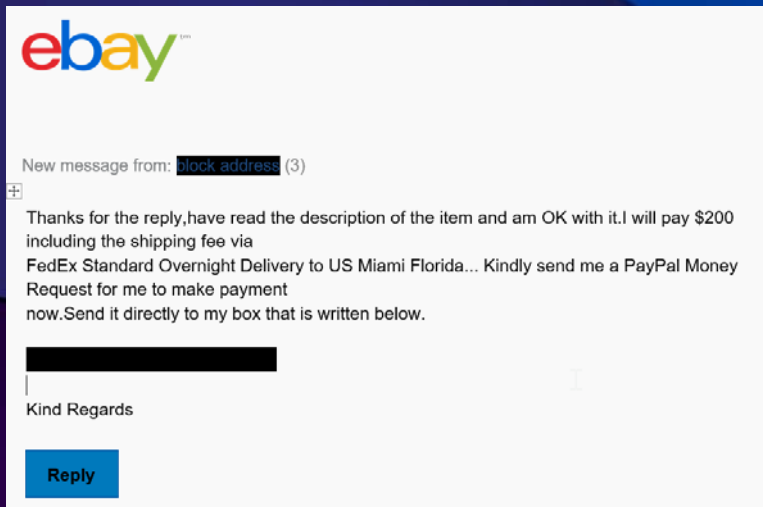

We took 5 pallets of UPS batteries to Interstate Friday. After they broke them down from the battery backup cases, it gave us 3983 lbs. which netted us \$1115.24

- We require that the payment be made via eBay through PayPal.
- The potential purchaser shown to the left requested a PayPal Money Request outside of the eBay system then told us that once the shipment was confirmed the payment would change from a pending status and we would receive the funds.
- We were not comfortable with that.

We were a little confused by this message too:

fufЗдравствуйте, lazirlott@mcpss.com !

Роман Котченко отправил вам платеж в сумме \$107,50 USD через PayPal.

Для востребования платежа вам необходимо зарегистрировать в PayPal счет категории "Business". Это делается быстро и просто, отсутствуют какие-либо регистрационные или ежемесячные сборы – берется только низкая комиссия за операции.

Thank you!
