- 1. Bid Opening:** Sealed bids must be received in the Purchasing Office by the bid opening time and date specified in this invitation to bid unless changed by addendum. The time clock in the Purchasing Office shall determine the time of receipt. All bids delivered after the specified time will not be considered and will be returned to the bidder. E-mail, fax, or telephone bids will not be acceptable. If multiple bids are scheduled to be opened, bids will be opened sequentially by bid number. At the bid opening, no discussion will be entered into with any vendor as to the quality or provisions of the specifications, and no award will be made either stated or implied.

- 3. Submittal of Bid:** *The entire invitation to bid documents should be completed and returned as requested.* Modifications and corrections received after the closing time specified will not be considered. Failure to examine any drawings, specifications, and instructions will be at the bidder's risk.
- 4. Prices and Delivery:** Firm prices shall be quoted, typed, or printed in ink, to include all packing, handling, shipping, and delivery charges FOB Baldwin County Board of Education, Baldwin County, Alabama. Unless otherwise specified, bid prices are assumed firm for a minimum period of 120 days after the date of the opening. The board reserves the right to make award to next lowest responsible bidder if prices are not firm. The bid will show the number of days to place a commodity in the board's designated location under normal conditions. If the bidder cannot meet the stated delivery, alternate delivery schedule may become a factor in the award. The board has the right to extend delivery if reasons appear valid.
- 5. Installation:** Where installation is required, the successful bidder shall be responsible for placing and installing the product in the required location(s). Authorized product and price list shall clearly and separately identify any additional installation charges. All materials used in the installation shall be of good quality and shall be free of defects that would diminish the appearance of the product or render it structurally or operationally unsound. Installation includes the furnishing of any equipment, rigging, and materials required to install or replace the product in the proper location. - 7. Acceptance and Rejection:** Inspection and testing, if any, and acceptance will be at the destination unless otherwise provided, but all materials and workmanship shall be subject to inspection and test at all times and places, and where practicable. Title in risk or loss or damage to all items shall be the responsibility of the supplier until acceptance by the board, unless loss or damage results from negligence by the board. During manufacture, the right is reserved to reject articles that contain defective material and workmanship. Rejected material shall be removed by and at the expense of the bidder promptly after notification of rejection. Final inspection and acceptance or rejection of material or supplies shall be made as promptly as practicable, but failure to inspect and accept or reject materials or supplies shall not impose liability on the board thereof for such materials or supplies as not in accordance with the specifications. In the event necessity requires the use of materials or supplies not conforming to the specifications, payment may be made with a proper reduction in price.
- 8. Brand Name Reference:** Unless specified "no substitute," any catalog brand name or manufacturer's reference used in the ITB is descriptive only, not restrictive, and used to indicate the type and quality desired. If bidding on other than referenced specifications, the bid must show the manufacturer, brand or trade name, and other descriptions, and should include the manufacturer's illustrations and complete description of the product offered. The board reserves the right to determine whether a substitute offered is equivalent to and meets the

standards of the team specified, and the board may require the bidder to supply additional descriptive material, samples, or demonstrations. The bidder guarantees that the product offered will meet or exceed the referenced product and or specifications identified in this RFB. If the bidder takes no exception to the specifications, bidder will be required to furnish the product exactly as specified in the solicitation.

Each sample should be marked with the bidder's name and address, bid number, and item number.

10. **Interpretation:** Any questions concerning specifications and conditions shall be directed to the Purchasing Officer in writing no later than ten (10) business days prior to the bid opening. Inquiries must reference the bid number and date of bid opening.

11. **Disputes:** In case of any doubt or differences of opinion as to the items to be furnished under a contract resulting from this bid, the decision of the business manager shall be final and binding on both parties.

12. **Evaluation Criteria:** Primary factors used to decide the award hereunder will be price, quality, availability, and responsiveness. Other factors that may be used in the evaluation of this bid will be (1) administrative costs incurred by the board in association with the discharge of any subsequent award; (2) alternate payment terms; (3) bidder's past performance; (4) other factors, as may be specified in the bid. The board reserves the right to evaluate, by lot, by partial lot, or by item, and to accept or reject any bid in its entirety or in part, and to waive minor irregularities if the bid is otherwise valid. In the event of a price extension error, the unit price will be accepted as correct. The board may consider in conjunction to any award hereunder, those products, services, and prices available through contracts from the state or federal government agencies.

13. **Acceptance of Bid/Award:** The board reserves the right to accept or reject all or any part of a bid or any and all bids, to waive any informality, general condition, special condition, or minor specification deviation when considered to be in the best interests, and to award the bid that best covers the interest of the board. The bidder will be required to honor all purchase orders that were prepared and dated prior to the date of expiration or cancellation, if received by the bidder within a period of 30 days following the date of expiration or cancellation. Cancellation by the board does not relieve the bidder of any liability arising out of a default or nonperformance. If a contract is canceled due to a request for an increase in price(s) or failure to perform, that vendor shall be removed from the Bidders List, but this does not relieve that vendor from liability for a period of 24 months. Cause for the vendor to cancel shall include, but is not limited to, the item(s) being discontinued and unavailable from the manufacturer.
